

## **BEST PRACTICES OF THE COLLEGE FOR 2020-21**

### **1. Title of the Practice**

**COVID AWARENESS PROGRAMME**

### **2. Objectives of the Practice**

The objective of these best practice was to sensitize the different stake holders of the college along with the local community about the prevention and cure of the covid pandemic and the protocol that must be followed both inside and outside one's home to fully cope with the pandemic. Thus the objective is to protect the students and their family members and acquaintances from the infection of corona that was raging from the world at that point.

### **3. The Context**

The corona pandemic had hit India with the rest of the world at the beginning of the previous year and there have often being continuous and intermittent lockdowns to break the chain of its infections. Despite all such precautions the members of the community were extremely affected by the excessive infectiveness of the virus. The locality of our college and its surrounding areas were no exception to this. Judging the ground reality the college decided in of its ideation meetings that the role of the students in preventing and eradicating this menace can not in any way be overlooked. It was decided that the NSS department would take charge of the execution of the awareness programme and all kind of logistical supports was provided to the NSS for spreading the message of the requirements necessities and journey towards a Corona-free world.

### **4. ThePractice**

It was decided in the ideation meeting by different stake holders of the college that the primary requirement in the locality is awareness. Steps were taken for the dissemination of information regarding the prevention of the spread of the virus and the way by which the chain of the infection can be broken. This was basically done by distributing hand outs among the members of the local community and the stake holders of the college. However it was also realized, many people live in this area who are not privileged with basic education but send their wards to schools and colleges for the privileged of formal education. These parents and other similar members of the locality cannot be communicated by hand outs. For them audio announcement were done in a vehicles circulating in the locality in which they come to know the dos and don'ts about the spread of corona virus. Medicines, mask, gloves were also widely distributed among them and others members of the community for full prevention and cure of the infection from the epidemic. A psyscological help line was also provided among the incumbents and this help line was displayed in the college website for their perusal and use. As

instructed by the UGC a COVID TASK FORCE had been formed for taking suitable welfare measures for the stakeholders and those who are in distress in the locality because of the dreadful pandemic. Arrangements were done for free Online consultation of Doctors, supply of essential medical services like oxygen at the doorsteps of the victims and even the supply of food and potable water for those under quarantine or house isolation. Collaborations were made with some NGOs to acquaint the incumbents with the different help lines regarding covid precautions and cure.

### **Evidence of Success**

The chain of infection was broken.

### **Problems Encountered and Resources Required**

The Primary problem was getting human resource. However our NSS volunteers came to much help. Financial resources were provided by the stakeholders.

## **BEST PRACTICE 2**

### **Title of the Practice**

Setting a dedicated examination portal

### **Objectives of the Practice**

To enable students hassle free online examination experience

### **The Context**

During the lockdown period all examinations are online

### **The Practice**

A vendor was outsourced the responsibilities of setting up and maintenance.

### **Evidence of Success**

Hassle free online examination of the students and satisfactory evaluation process for the examiners.

### **Problems Encountered and Resources Required**

Financial Resource was provided by the college.
